Foreword

Hello everypony and welcome to PonyCon Holland!

We could not have picked a crazier time to start with a new convention. When we started working on this project in September 2019, we had no idea what the world would go through in 2020 and 2021. And yet, here we are!

So let's not dwell on what happened over the last few years and focus on the here and now, shall we? Instead, we can all enjoy a weekend full of fun, with panels, workshops, vendors... you name it. Spend time with your friends and make new ones, that's what conventions are all about and I'm sure PCH will be no exception.

A new generation of Pony has just started and it seems the fandom is embracing the new characters alongside our trusted Mane six. And you know what that means: there are many more years ahead for MLP fans to enjoy the show, art, music, conventions and so on.

When I became a Brony in 2013, people told me it wasn't worth it because the fandom was dying. But no, eight years later it is still going on as strong as ever and I'm sure we won't see the end of it anytime soon. Even the 1.5-year pause in IRL conventions hasn't broken us. We will pony on for many, many years to come. So get out there, make some new friends and above all: have fun!

Thank you all very much for attending PonyCon Holland 2021. Let's make this an unforgettable party!

Ponies and our minds by *Fiaura*

11:00-12:30, Sunday, Panel room

This is an extensive discussion of the issues that the My Little Pony: Friendship is Magic show covers that are very much things we as adults face. Depression, anger, sorrow, loss, workplace homogenization, being alone, orphans, death, and divorce just to name a few. It is somehow covering these in a way that a 5 year-old can understand them but an adult needs to hear it. Come on in, we are gonna sit down and have some time to talk, heart to heart. Brony Church is in session

Plushie Workshop

12:45-14:30, Sunday, Workshop room

Hello! I'm Violet Rose, an on-again, off-again seamstress. For the last eight years, I've been scientifically engineering the ideal fabric-based delivery system for adorableness and cuddliness, or at least, that's what I tell my family I'm doing. Now, I want to share my results with you. In this Workshop, I hope to walk you through the initial steps of putting together a simple beanie plushie, including some foundational hand stitches, stuffing options, and finishing touches.

Sunday Events

Music Panel by DBM

13:30-14:30, Sunday, Mane Stage

The DBM brothers Agatan, MC-Arch, and Sam Quak Brony will be hosting a music panel with Q&A. With their combined expertise in singing, rapping, voice acting, producing, performing and much more related with making music, these three will bring you with them on a journey to the stage. Feel free to ask them everything you want to know about songwriting, collaborations with other brony artists, and how it feels to perform your songs on stage for a huge audience.

MLP:Fim events in Europe by Jamis

13:30-14:30, Sunday, Panel room

Over the years, pony events like **PCH** evolved into many forms, like annual meetups, conventions or music festivals. In this panel, we will talk about general ideas of these events, unique attributes they all have as well as we look behind the organization curtain and from attendees and guests perspective. Let's also briefly explore the history of these events in Europe (and beyond) and talk about the future plans. Recommended for everypony, no matter if convention newcomers or regular long-time attendees!

Charity Auction

15:00-17:00, Sunday, Mane stage

Auctioning off items to gather money for a charity is no rarity within the brony community. PonyCon Holland will conclude with such a charity auction, its earnings going towards the "Muziekids" foundation. More information about the charity auction can be found on the corresponding page in the conbook. Hope to see you there, bring your wallets!

Charity Auction

As is tradition at most pony conventions, PonyCon Holland will host a charity auction. Flim and Flam will try to squeeze the bits out of your pocket for our fantastic charity Muziekids!

The Muziekids foundation is an independent Dutch foundation, established in 2009. Their main object is: Offering awesome music experiences to children in Dutch hospitals and rehabilitation centres.

Every kind of use of music in hospitals has had a recreational value and (in limited but growing fashion) a therapeutic value as well. The use of musical instruments, complemented by modern game computers and guided by music teachers, however, is a new concept. An initiative that has been received strikingly positive by Dutch hospitals and rehabilitation centres. For young patients, it is extremely important that their environments are as pleasant as possible during their stay, both for long and short stays. It has been proven by respected international scientific surveys that music contributes to the healing process.

Muziekids now offers these children a fantastic facility: "The Muziekids Studio". The studio has a warm atmosphere, with a comfortable chill corner, a large reading table and musical instruments. The kids can listen to music, or battle in guitar hero, every type of music experience is available to them. And last but not least: experienced music teachers are present for entire days.

The rules of the auction are quite simple:

- You can hand in items up until 2 hours before the auction at our info booth.
- If you want to bid for an item, just raise your hand, wave or hold up something visible like a plushie.
- If you don't want to bid for an item, please do not raise your hand or plushie since the auction masters might interpret that as a bid.
- A bid is permanent. This means that if nopony overbids, you have bought the item.
- You can pay by cash or card. For payment by card, small fees may apply.

QR Hunt

Got some time to kill at the venue? Go for a hunt!

QR-codes are hidden all throughout the venue for you to find. But finding all the QR-codes is just half of the story. For every QR-code, there is a quiz question for you to answer.

The player who finds the most QR-codes, answers the most quiz questions correctly, and answers the questions in the least amount of time, will win a prize!

So how can you participate?

First, make sure you have a QR-code scanner app installed, for Android we recommend the free app "Barcode Scanner" by "ZXing Team". For iPhone, no separate app is needed, the default camera app can scan QR-codes.

Second, go to <https://pwa.bronies.nl/> and create an account. This is needed for the system to keep track of found QR-codes and quiz answers. (This system is also used for QR-hunts at local BroniesNL meetups)

Third, search for QR-codes. They are hidden all over the venue. But only in locations that are publicly available for attendees. The QR-codes are hidden by multiple people, so nobody knows the location of all hidden QR-codes. So don't bother to ask the con-staff, they don't know.

Fourth, answer the quiz questions. This part is time-based. The quicker you answer the questions the better. Time is counted from the moment the question appears on your screen until you fill in an answer. So no need to answer all the questions first thing on Saturday morning.

The deadline for finding the QR-codes and answering the question is when the charity auction starts. The winner will be announced at the closing ceremony. Good luck! May the stroopwafels be ever in your favor!

Recipe: Stoopwafels

Ingredients

Waffles

- 500 g / 4 cups flour
- 250 g / 1 ½ cups melted butter
- 150 g / ¾ cup light brown sugar
- 1 packet of yeast
- 1 dash of cinnamon
- 1 dash of salt
- 75 mL / ⅓ cup milk
- 1 egg

Stroop (Caramel Syrup)

- 250 g / 1 ¼ cups sugar
- 40 ml / 2,5 tablespoons heavy cream
- 40 g / 2 tablespoons sugar syrup
- 1 dash of cinnamon
- 112 g / ½ cup butter

Necessary equipment

- A very flat waffle iron ("ice cream cone" waffle maker)
- 2 saucepans (one big, one small).
- A big bowl.

Preparing the Waffle-dough

Step 1

Add all of the dry ingredients (flour, light brown sugar, yeast, cinnamon and salt) in a bowl and whisk them together.

Step 2

Melt butter and add the milk to the butter. Let the mixture cool down to just above body temperature (very important, yeast will be killed at high temperatures).

Step 3

Add the butter/milk mixture and an egg to the dry ingredients and loosely mix together until most liquid is absorbed.

Step 4

Knead the mixture until it forms a solid dough. Let it rest for about an hour so the yeast can do its job. This is a good time to start on the stroop!

Making the syrup that will turn your waffle into a stropwaffle

Notes: **Be extremely careful with boiling sugar**, it is much hotter than boiling water and very sticky. If you get this on your skin, you will get severe burns. This part of the recipe requires adult supervision and is not suitable for kids or the motorly compromised.

Step 1

Add a very small amount of the sugar to a big saucepan. The bottom of the pan should barely be covered.

Step 2

Turn on the heat to medium-low. Let the sugar slowly melt.

Step 3

Add more sugar when it is completely melted. Carefully move the pan to mix the melted sugar with the unmelted sugar. Remember, this is extremely hot! Repeat this progress until all the sugar is melted and caramelized. Make sure that new sugar is immediately added after the previous batch has melted, to stop the melted sugar from burning.

Step 4

Add the butter, sugar syrup, heavy cream and cinnamon in another small saucepan and let them slowly melt together while you keep an eye on the melting sugar. This mixture should be warm and ready when all the sugar has melted.

Step 5

Remove the sugar immediately from the fire once it has all melted. Carefully and slowly mix in the warm cream mixture. The sugar is extremely hot and will react violently with the cream mixture. It will bubble up and steam. Stir carefully until it has been combined. The "stroop" for your stroopwaffle is now complete! It will harden after it cools but will soften again when heated. It can be heated by microwave or "au bain marie"

Assembling the Stroopwafels

Step 1

At first sight, the dough will not have changed while resting for an hour. Knead it again. It should become much smoother than before.

Step 2

Create golf-ball sized balls with the dough and place it in a preheated waffle iron. Close the waffle iron, but do not close the waffle iron completely and do not clamp it down. The waffle should be thin, but thick enough to vertically cut in half. Bake for about 3 minutes. Check the first waffle regularly so you'll know how long your waffle iron will take.

Step 3

Put the warm waffle on a flat surface and immediately cut it while it is still very hot. Use a clean dish towel to be able to hold the waffle in place. You might think: "is it really necessary to cut a thicker waffle in two thinner waffles? Can't I close the waffle iron completely to have two thin waffles to use without the cutting business?" I'm here to inform you that yes, it is really necessary. The texture will be completely wrong without this step.

Step 4

Put about half a tablespoon of the warm "stroop" (syrup) on one halves of your waffle. Put the waffle back together and press the stroop (syrup) between the waffles. You have now completed your stroopwaffle.

Local Guide

ATMs marked with a yellow bubble

Most vendors nowadays will accept card payments, but it is good to have some cash on hand just in case. North of the venue, past the Walkartpark, there are a few ATMs in the inner city of Zeist.

Buses marked with a red bubble

There are two buses that are important if you want to go to either Utrecht or Drieberg-Zeist railway station. Use the [9292.nl](https://www.9292.nl) website or app to plan your journey through Dutch public transport.

Walkartpark

To the north of the venue, there is the beautiful Walkartpark to get away from the venue a bit. Right in between the venue and the inner city, it is a nice place to stroll through to catch your breath.

Special Thanks

The PCH committee has worked hard all year round to bring you an unforgettable experience this weekend. However, there are lots of other people that helped with making this convention as great as can be. Without these fine folk, this convention was not possible. We'd like to express our sincerest gratitude to the following people:

Our Guests

The work of our panelists, hosts, performers and guests of honour was invaluable in the making of this convention. We are very thankful for them taking the time out of their busy schedules to contribute to our convention.

Our Vendors

We would like to thank the vendors for bringing awesome merchandise. They made it possible for everyone in attendance to take something awesome home with them.

The Venue - The Figi Theater hotel

We would like to extend our sincerest gratitude for allowing us to host our convention at their stellar hotel. The services the venue provided made the convention a lot brighter.

Our Volunteers

We can not thank the hard-working folk who helped run the convention in a fun, safe and well organised manner enough. Our volunteers put in the work and assistance to keep the convention running as smooth as it had.

Our Artist team

The Artist team made countless pieces of art, that were used for a variety of uses. Thank you so much, talented artists!

Our Sponsors

Without our generous sponsors willing to help fund the convention we could not have offered you such a great convention.

Our Visitors

Without you and all the other visitors PonyCon Holland would have been very dull, so thank you for being a part of PonyCon Holland!

With the greatest of gratitudes,
Ponycon Holland's organizing team.
